W. A. SHEAFFER PEN COMPANY
FORT MADISON, IOWA

BRANCHES:

NEW YORK
370 7th Avenue

CHICAGO
506 Republic Bldg.

DENVER
502 Jacobson Bldg.

SAN FRANCISCO
681 Market Street

Foreword

SHEAFFER Products, perfection in their field, and acknowledged by writing authorities as Instruments of precision, are priced within the reach of all. "Lifetime" with never failing trueness of operation and "Propel-Repel-Expel" with its outstanding superiorities places every Sheaffer dealer in a position to dominate quality sales in their field.

Our No. 46 Special, retailing for \$5.00 is unquestionably the best pen on the market selling for less than \$8.75.

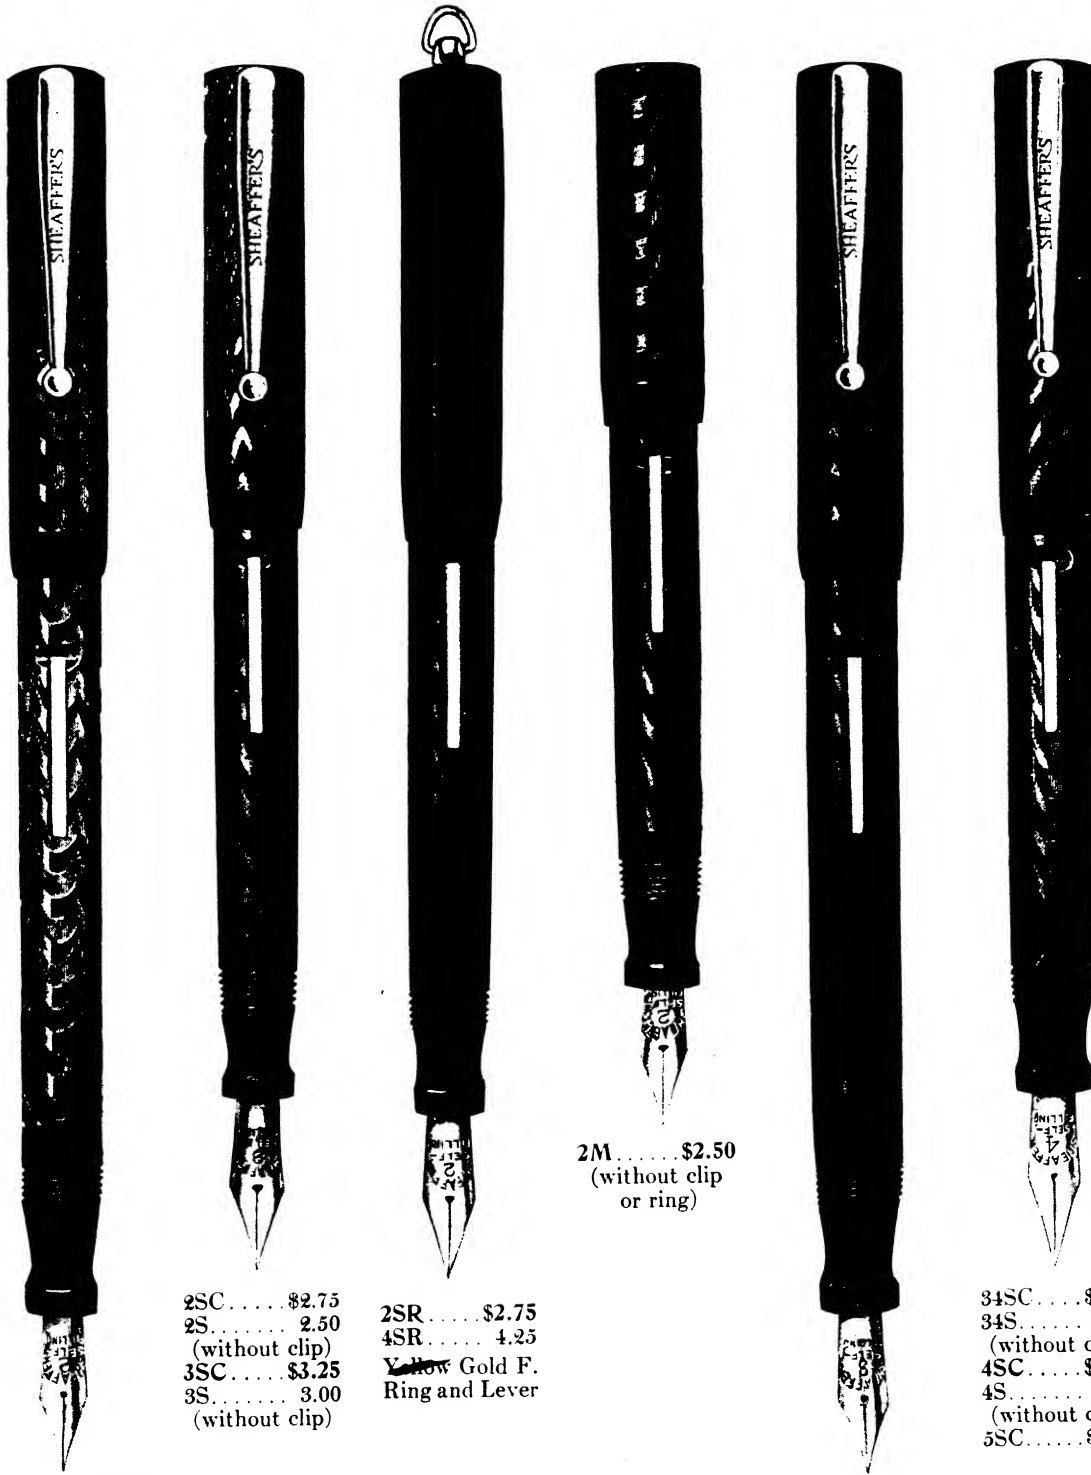

For the writing requirements of the Boy and Girl nothing compares to our No. 22 Student's Special. It is our sturdy small pen.

Sheaffer Giftie Sets are pronounced by thousands of the most critical as the Gifts distinctive for every season and the "Gifts that Last."

Those who are familiar with the evolution and improvements in fountain pens realize that the great majority of important innovations in fountain pens have been developed in the mind of Mr. W. A. Sheaffer. Mr. Sheaffer was the original inventor of the present type lever pen and this Company was the first Company to market the lever pen. The importance of the invention to the fountain pen industry is plainly pointed out by the fact that the lever pen is predominant today. The supreme quality of the device, however, remains in Sheaffer's Self-Filling Pen.

Sheaffer's success, reputation and basic principle in the manufacturing of our products is built upon making writing instruments that perform their duty when required.

Sheaffer's Student Special Pens

The Student's Special Pens illustrated below were developed primarily as a Junior student's pen. Pen manufacturers have neglected this important end of the business. They have not attempted to make a pen suited particularly to the requirements of younger students.

Our Lifetime Pen, built for the students of more mature age, is unsurpassed. While the 22 Student's Special is furnished for grade and high school students, it is particularly suited to the writing requirements of the ladies. The special nib is somewhat stiff. It is flexible enough to write easily, yet stands a variety of writing positions. We have selected a distinctive chasing—something entirely different. A very narrow band reinforces the cap and with the gold filled clip and lever gives the pen a neat appearance. There has never been a pen on the market at anywhere near the price that will give the service and meet every requirement of the junior student like this new 22 Student's Special.

Lifetime Pen

THE Lifetime acknowledged in Pen-
dom as the foremost writing instru-
ment and considered by Mr. W. A. Sheaf-
fer, the inventor, as his masterpiece, is a
writing instrument of unusual precision.
Our confidence in it permits our placing
on every Lifetime gold pen point our
*unconditional guarantee against defects and
accidents*—a guarantee which is un-
equaled.

Every customer who steps into your
store is a possible Lifetime purchaser.
The Lifetime Pen, as well as the entire
Sheaffer line, requires merchandising by
the dealer. It must be brought to the
attention of the customer. It is not as
spectacular as it is sturdy and distinctive.
Dealers who have made it a point to have
customers who are not thinking of pur-
chasing a fountain pen, grip the Lifetime
Pen and write with it, report that they
sell as high as 70% of these customers.

There are few items in your entire stock
which hold the value of returns to you
and worth to the customer that a foun-
tain pen and pencil line should hold. It
is worth good live merchandising and
concentrated pushing at all times.

The 46 Line

THIS beautiful line has met with wonderful success from the first day it was placed on the market. This is a special made pen throughout and should not be compared with the ordinary commercial pen on the market.

The 46 carries a special made semi-manifold nib—a nib stiff enough to be used for copying and at the same time, with enough flexibility to make writing a pleasure. The holders, too, carry our special 46 design chasing, distinctive and attractive.

The 46 special as shown by illustrations, is made in several styles in both red and black holders.

The 46 special carries our regular guarantee against defective material and workmanship. It is without a doubt the best writing and most attractive pen on the market selling for less than \$8.75. We recommend the black numbers for general use.

Sheaffer's "Propel-Repel-Expel" Pencil

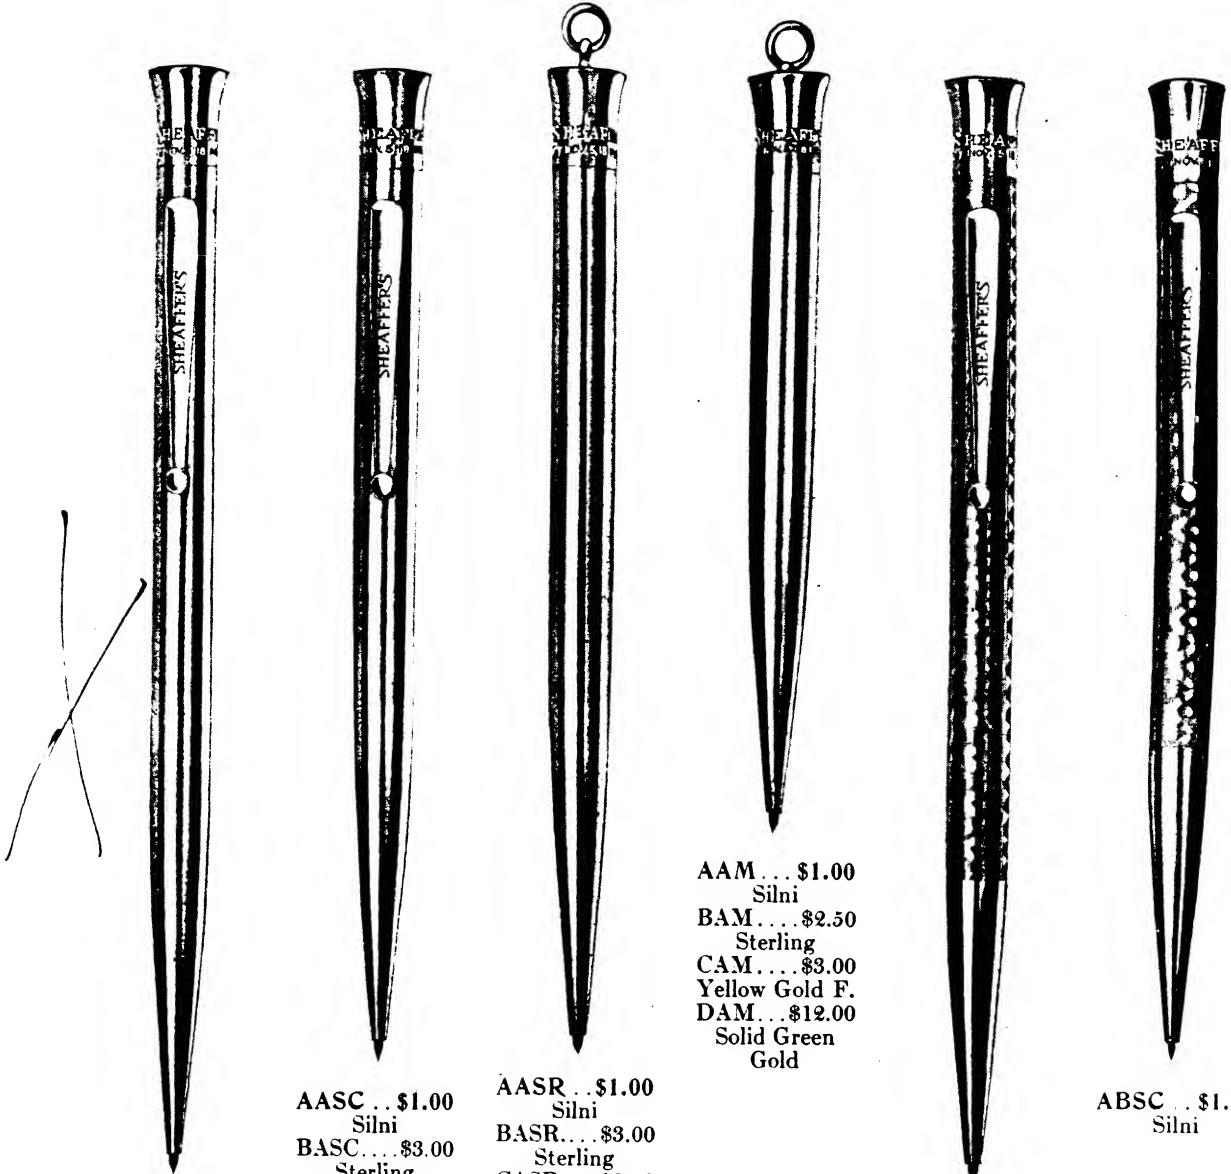

ON the following pages may be seen many distinctive and beautiful designs of Pencils from which you can judge somewhat the quality of our workmanship. You cannot, however, become acquainted with the perfection and skill in the mechanism of this Pencil and for this reason we merely mention a few of its superior points.

1. It propels, repels and expels the lead, operates smoothly—no clogging or jamming—and carries a guarantee of perfect satisfaction.
2. The repel action of its mechanism (making possible withdrawing the lead into the barrel) eliminates soiled pockets, shirt waists or ladies' hand bags.
3. Undersize leads which become loose in the average pencil will be held firmly by the special Waspalumin Carrier of the Sheaffer Propel-Repel-Expel Pencil. An over-size lead which may jam in the average pencil is easily handled by the Sheaffer Propel-Repel-Expel Pencil by means of this same carrier.
4. The elimination of soldering operations has made possible the use of fine materials of special composition and temper. These fine parts would lose their value were we to apply heat at any time in the process of manufacturing.
5. Over one million of these Pencils are in daily use and only 19 were returned for adjustments in a period of 30 days.
6. Its plain bell shaped top (which is patented) makes it the most beautiful and distinctive of pencils.

The SHEAFFER Propel-Repel-Expel Pencil is manufactured in a new pencil plant fully equipped with modern machinery under expert supervision, which assures accuracy and precision in manufacturing. New and original designs and patterns are constantly being developed by our master craftsmen.

We will gladly furnish a working demonstrator pencil to any of our dealers upon request.

Sheaffer's Sautoirs

Our exclusive and complete line of beautiful Sautoirs displayed on White Tissue Board and encased in Glassene Envelopes are creating sales wherever displayed.

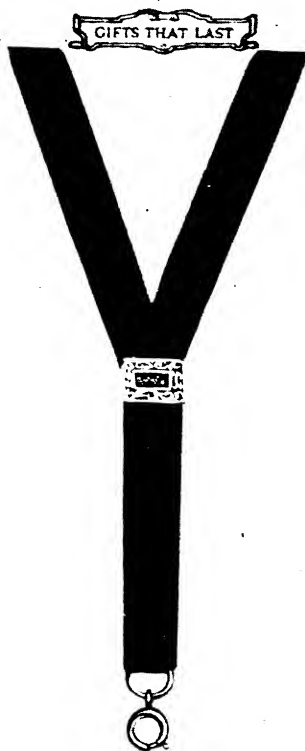

The superior quality of the Cord and Ribbon used in the manufacturing of these Sautoirs of quality, together with their beautiful designs of Gold-Filled and Sterling Silver Trimmings, make them a ready seller.

The silk woven cord designs are something new and are very distinctive. All Sheaffer Sautoirs are 48 inches in length and allow freedom in writing—practically a necessity for the writing requirements of every woman.

The attractiveness of this line of Sautoirs is increased by the double snap which will hold both pen and pencil, as illustrated in the miniature illustration.

Sheaffer's Four Special Lead and Pencil Assortments

This attractive counter case furnished with four well selected assortments for creating sales on Sheaffer Leads and Pencils, is beyond question the most beautiful miniature display that has ever been offered to dealers on pencils and leads and affords every dealer an opportunity to make tremendous profits. The contrasting colors make it a display that attracts attention and furnishes a background and frame for the inviting of inspection to prospective buyers.

The case is particularly practical since it protects the pencils and leads from dust. It can be wiped off very easily and kept looking fresh at all times.

This case eliminates particularly complaints of petty thievery of leads and pencils from counter cases since it is so constructed as to make stealing from it practically impossible.

Every dealer should possess one of these exceptionally profitable assortments. The case is furnished only in Mahogany and with the following Assortments:

The W. A. Sheaffer Pen Company are practically the only company who still make it possible for dealers to completely equip themselves with a standard assortment of fountain pens and pencils, without putting an investment in display space or cases. Cases of the finest quality are furnished. They are given to the dealer without consideration. If the dealer ceases to feature Sheaffer merchandise the understanding is that the case reverts to the W. A. Sheaffer Pen Company ownership again.
